

Digital Innovators Skills Programme

Do you have what it takes to be a digital innovator?

We'll help you maximise your **employment** and **earning potential** with:

- Core **digital skills** applicable to any role
- **Live business experience** delivering ambitious projects for leading employers. Recent examples include Taran 3D, West Midlands Police, NHS, Birmingham City Council, and more
- Optional 'deep dive' **SkillsBuild & Huawei** courses, including digital design and programming, plus mentoring
- **Entrepreneurial** and workplace skills

"Without the Digital Innovators programme, I never would have discovered Vanti."

*Sharanjeet - DI Graduate
Secured full-time position with Vanti*

Recent DI graduates have secured starting salaries of up to £25,000

On average, roles that require digital skills pay 29% more than roles that do not
